What's in this?

Menu Template
Legal 8x5"x14"
Bleed 0.20 in"
Organized Layers
CMYK
Vector Icon Set (.ai & .eps)

Free Font Used:
http://www.fontsquirrel.com/fonts/lato
Excellent font pack with 10 styles available.

Icons:
Vector icons and additional artwork is
included in folder "02_vector artwork"

Page Layers:
As stated above...check out your layers panel
for organized layers!
This may be redundant but I spent so much
time labelling those damn things...haha.

Colour Swatch
This template makes use of one colour and
good ol' black and white.
The red colour is used throughout the
document, changing the colour swatch will
adjust the entire layout accordingly to any
colour you choose.

In Conclusion
Do whatever you want to this, improve it,
reshape it, anything goes. I would love to see
any examples of it use.
